URVI HIRANI

--

Hyderabad, Telangana, India

Summary

I am someone who was always fascinated by technology and always wanted to work surrounded by it. I have tried to learn some basics of c++ and python and have tried to develop my skills. I have also acquired knowledge of machine learning my interested domain and also have been expanding my knowledge in data analysis and web development. I always try to improve myself and widen my area of knowledge to make myself advance.

Education

SRMIST, Kattankulathur, Chennai ,Tamil Nadu

Bachelor of Technology - BTech, CSE AI/ML · (October 2020 - July 2024)
